

1 Offer feed API submission

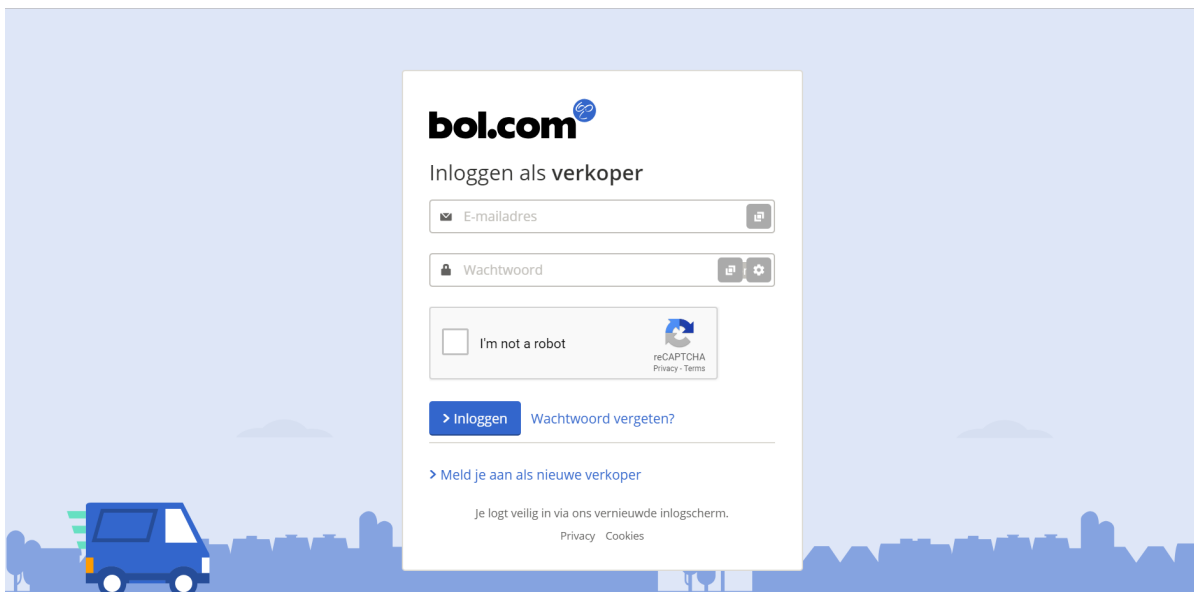

Offer feed is used to update product data (**price, qty, delivery time**) of the products that are already defined in the Bol database. The **Offer via API feed** is the first feed to be set up.

The image shows a screenshot of the Bol.com login page for sellers. The page has a light blue background with a silhouette of a city and a blue van at the bottom. The login form is centered and contains the following elements:

- bol.com** logo at the top left.
- Text: "Inloggen als verkoper"
- Input field for "E-mailadres" with a search icon on the right.
- Input field for "Wachtwoord" with a search icon and a settings icon on the right.
- reCAPTCHA "I'm not a robot" checkbox with a "reCAPTCHA Privacy - Terms" link.
- Blue button: "> Inloggen" with a link "Wachtwoord vergeten?" next to it.
- Link: "> Meld je aan als nieuwe verkoper"
- Text: "Je logt veilig in via ons vernieuwde inlogscherm." with links for "Privacy" and "Cookies" below it.

API instellingen

Technisch contactpersoon

Via de Retailer API van bol.com kun je je volledige aanbodbeneer en ordersynchronisatie via een extern systeem of een derde partij laten lopen. Hiermee laat je het hele verkoopproces via een ander kanaal verlopen dan het dashboard in je verkoopaccount. Daarom is het voor ons van cruciaal belang dat wij jou alsnog kunnen bereiken indien er storingen of belangrijke updates voor de Retailer API zijn.

Wij willen je om deze reden vragen om de contactgegevens van de technisch verantwoordelijke voor de API-koppeling achter te laten. Denk hierbij aan je eigen IT-afdeling of een Intermediair, of misschien onderhoud je het zelf.

De contactgegevens die je hier invult, gebruiken wij alleen voor contact bij belangrijk nieuws betreffende de Retailer API.

Naam* E-mailadres* Telefoonnummer ik ga akkoord met de [API Terms of Service](#)[Opslaan](#)

Tip

In het onderdeel 'API Instellingen' vind je alles voor het maken van een koppeling tussen het bol.com verkoopaccount en je eigen verkoopsysteem. Kom je er niet uit of wil je meer (technische) informatie over de Plaza API? Lees dan de documentatie over ons development center.

Submit the Offer feed to Bol

Submit the Offer feed to [Bol.com](#) using "Submit to Bol" button. Check your products in your [Bol account](#) to see how many of them are active.

- If the product EAN codes are defined in Bol.com database the products will appear active on Bol.com
- If the product EAN codes aren't defined in Bol.com database you need to use the **Content feed** to define the products. Please check the [Content feed manual](#) for more information.

If you have any questions or need any assistance please contact us at support@koongo.com.
