## What is Koongo?

### Short version

Koongo is a Feed and Affiliate Marketing Tool that allows you to connect your online store to 500+ online marketplaces and comparison channels worldwide. You will be able to expand your business on the international level, attract new clients, and boost your profit.

### Long version

Koongo is a Feed and Affiliate Marketing Tool that allows you to connect your online store to 500+ product search and price comparison websites, affiliate networks, and online marketplaces. This tool allows you to reach easily hundreds of new marketing channels around the world from a single integration point. With Koongo, you will be able to expand your business on the international level, attract new clients, and boost your profit. Koongo doesn't demand any programming knowledge; everyone can easily use this powerful tool.

### Benefits of Koongo

- Simplicity of use - you can connect your store easily to Koongo and export your products to any of Koongo supported channel
- More than 500 comparison websites, online marketplaces or affiliate channels supported
- Check the performance of various channels - Koongo allows you to monitor product performance easily on the specific channel. You can figure out what channels work the best for your business.
- Different prices for different selling channels - you can sell the same item for different prices on various selling channels
- Advanced category mapping - you can map easily your store categories to specific channel category tree and get higher ranking of your products
- Various attribute and category filters - allow you to export only required products for selected channel
- 30-day free trial - test Koongo for 30 days for free

## Reviews and Business Cases

Another quality assurance of our products are the customer reviews! We hope you find the time to take a look and read more about what some our clients say about the Koongo.
